

Field Positions

18-Sep-2017

Department/Division: Operations
Reports to: Operations Manager

Copps is a leading provider of pile driving, helical piling and deep foundation related services to the oil and gas, construction, facilities and infrastructure industries. The Copps brand is well-known and has a longstanding image of safety and quality. We are currently seeking ambitious, innovative and hardworking individuals for the following positions: Loader Operators, Drill Operators, Junttan Operators and Operator Assistants. Applicants must be flexible to work a variety of shifts and able to be away from home for extended periods of time.

All Positions Require the Following:

- Good working command of the English language
- Valid class 5 driver's license and a current abstract that meets insurance provider requirements
- Detail oriented, self-motivated and able to accommodate shifting priorities with a "Can Do" attitude
- Good organizational skills and the ability to work independently
- Must possess the ability to adapt to different personalities and management styles
- Able to meet the Client pre site access drug and alcohol testing requirements
- Able to meet Copps' fit for duty requirements
- Willing to stay in camp
- Able to work outdoors in all weather conditions

Loader Operator Qualifications:

- Minimum of 1 year loader or forklift experience, certification preferred
- Knowledge of working around equipment related to piling and foundations, and forming systems associated with the construction industry
- Inspect equipment to ensure adherence to both company and manufacturer specifications

Drill Operator Qualifications:

- Must have relevant drilling experience on various types of drill equipment
- Pile driving experience an asset
- Inspect equipment to ensure adherence to both company and manufacturer specifications
- Perform required daily maintenance and repairs to equipment and record as to Copps' policies

Junttan Pile Driver Qualifications:

- Must have experience operating Junttans
- Inspect equipment to ensure adherence to both company and manufacturer specifications
- Perform required daily maintenance and repairs to equipment and record as to Copps' policies

Operator Assistant Qualifications:

- Provide labour support to operators
- Gain experience operating equipment and vehicles including forklift, pile drivers, drilled pile rigs and trucks
- Perform preventative maintenance on equipment
